# ***INTRODUCTION***

Hanuman Universe token(\$HUT) is a meme token built on the Binance Smart Network. With an initial total supply of 40,000,000,000,000 \$HUT, it offers awareness, belongingness, connectivity, guidance, and comfort to Hanuman Universe with the blockchain experience.

After the inception of the projects, bringing community, product development and going with the market feedback. HUT has burned 14,000,000,000,000 tokens from total supply. So the new total supply is 26,000,000,000,000 HUT.

0% tax, equal opportunities, space to grow, and engage in a vibrant community that embraces a sense of family, connection to tradition, perseverance, and empowerment.

# HANUMANNFT

Hanuman Universe will have two types of NFT offering for the ecosystem.

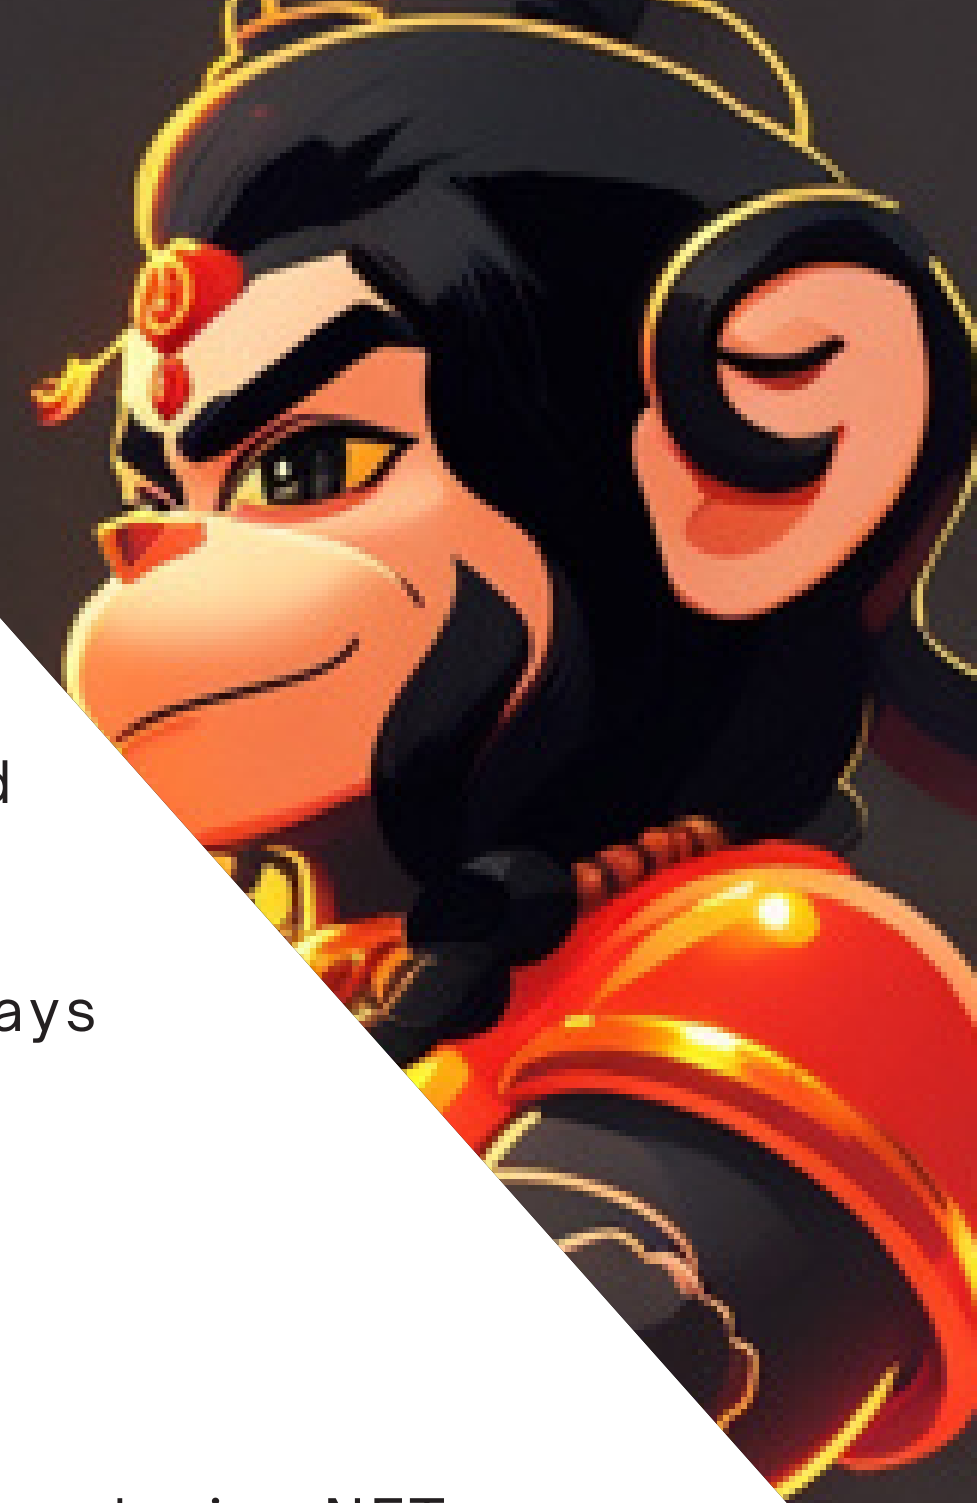

## NFTS FOR GAMES AND METAVERSE

- These NFT can only be acquired through game and metaverse platforms.
- Users are only able to mint such NFT after accomplishment level or task. There is no other ways to mint such NFTs
- Users can also buy/sell those NFTs in the NFT marketplace using \$HUT tokens.

## LIMITED NUMBER OF EXCLUSIVE NFTS

- Hanuman Universe will launch a limited number of exclusive NFTs.
- Each NFTs hold certain resembles of Lord Hanuman itself
- Some NFTs will bridge the relationship with physical world of Hanuman to provide opportunities for devotees
- It will either freebies or \$HUT tokens will be required to purchase such NFT.

# HANUMAN GAMES : PLAY TO EARN

\$HUT is the main currency of the Hanuman game, which will be used for in-game assets and power-ups.

Players need \$HUT to enter levels, to create tools, to buy for other assets, power ups and to buy NFTs on the NFT Marketplace.

Players can earn \$HUT as rewards for their playing activities and can also exchange their game assets by selling their assets on the NFT Marketplace.

We will share details on another phase of roadmap update
